

Division of Collections

This division works closely with the Tax Assessor and is headed by the Tax Collector. The Tax Collector prepares bills, maintains an accounting of all tax, water, sewer and assessment collections and enforces the collection of delinquent charges through foreclosure of municipal tax liens and municipal tax sales. Click [here](#) for further information.

For your convenience, there is a drop box in the parking lot near the senior building. Payments left in the drop box are picked up daily at 8:30am.
