Budd Lake**

February 1, 2024
4:30- 6:00 PM

Did You Know?

The single best way to reduce the risk of seasonal flu and its potentially serious complications is to get vaccinated each year, but good health habits like avoiding people who are sick, covering your cough, and washing your hands often can help stop the spread of germs and prevent respiratory illnesses like flu

Sabias?

La mejor manera de reducir el riesgo de contraer la gripe estacional y sus complicaciones potencialmente graves es vacunarse cada año, pero los buenos hábitos de salud como evitar a las personas que están enfermas, cubrirse la tos y lavarse las manos a menudo puede ayudar a detener la propagación de gérmenes y prevenir enfermedades respiratorias como la gripe.
